**Getting a sunburn is a first degree burn!**

Would you let your child  
put their hand in the fire and get burnt?

One or more blistering sunburns before the age of 18 more than doubles your chances of getting melanoma. Follow Sun Safety Rules and prevent first degree burns.

**Download Free Apps on your smart phone and be SunSmart™**

**EWG** (Environmental Work Group) for the best sunscreens.

**EPA** (Environmental Protection Agency) for the daily UV Index and how to be prepared in the sun.
