RICHARD DAVID KANN FOUNDATION

Hey Manny! Isn't it so
sunny today? Woah! What are
you wearing? Nice outfit
and cool straw hat.

These SPF clothes and hat protect me
from the sun's harmful rays! Oh,
my mom said to share my sunscreen
with you!

Manny's Melanoma Message:

Having five
or more
sunburns
doubles your
risk for
Melanoma!

Everyone Needs
Sunscreen!

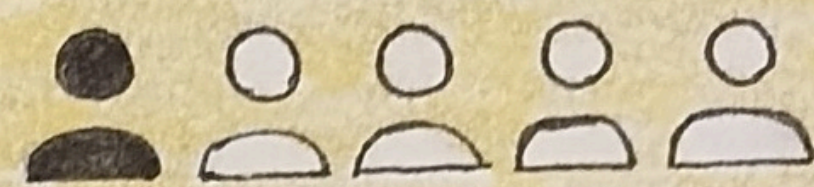

PREVENTION AND EARLY DETECTION

If caught in the earliest stages, melanoma is entirely treatable, but because it spreads quickly, early detection and immediate treatment is **CRITICAL!**

SKIN CANCERS

AMERICANS
WILL DEVELOP
SKIN CANCER BY
THE AGE OF

70

MOST SKIN CANCERS
BEGIN IN THE
OUTER LAYER
