General Leave: Lois Frankel Remarks for H.R. 4250

August 11, 2014

Mr. Speaker, I rise today in support of H.R. 4250, the *Sunscreen Innovation Act*. This legislation will support the important work of the Richard David Kann Melanoma Foundation of Palm Beach County, Florida.

Melanoma is the deadliest form of skin cancer, killing one American every fifty minutes. Residents of Florida are especially vulnerable to the cancer-causing ultraviolet radiation from the sun. The *Sunscreen Innovation Act* will help Floridians protect themselves with the latest radiation-blocking sunscreen ingredients.

I would like to thank the Richard David Kann Melanoma Foundation for their tireless work in preventing and detecting skin cancer, and I urge my colleagues to support this legislation. I yield back my time.

Thank you Mr. Speaker.

Lois J. Frankel
Member of Congress
